Earl Ray Tomblin
Governor

Paul A. Mattox, Jr., P. E.
Cabinet Secretary

February 24, 2014

Mr. Aaron Allred
Legislative Manager
Joint Committee on Government
and Finance
West Virginia Legislature
State Capitol Complex
Building 1, Room E132
Charleston, West Virginia 25305

Dear Mr. Allred:

During the 2009 Regular Session, legislation was passed regarding the taxation on aircraft property, Valuation of Special Aircraft Property, Chapter 11, Article 6H-1-7, effective July 1, 2009. This legislation allows for the valuation of special aircraft property at the "salvage value" as determined by the county assessor in the county where the aircraft is based. As required in the legislation, the Aeronautics Commission is providing this report to the Joint Committee on Government and Finance. This is the third and final report required in the legislation.

I have attached a spreadsheet which was compiled from information received from airport managers. The spreadsheet includes information on based aircraft and hangars located at the airport, from July 1, 2010, and as of June 30, 2013.

The current economy continues to impede the growth of based aircraft that was anticipated. We remain optimistic that airports will continue to increase based aircraft.

We are grateful for the continued support from the West Virginia Legislature for airports and the state's system of airports. The Aeronautics Commission, airport governing authorities, and airport managers will continue to work closely together to increase the number of based corporate aircraft in the state.

Mr. Aaron Allred
